# About The Company

Our company Satyavarsh Overseas, established in Rajkot, Gujarat, is regarded as one of the pioneers engaged in manufacturing and exporting a huge assortment of Pouch Packaging Machinery and components, Weightier Machinery, Mixer Machinery, Sealing Machinery, Conveyers, Lathe Machinery, Chiller Machineries etc.

Striving to attain maximum customer satisfaction, our renowned engineer's art Satyavarsh Overseas has come up with another world class products. Manufactured under the guidance of our experts, the Pouch Packing Machine is a product made with high precision. Due to its fabrication with high-quality materials this product has been given the green signal at various stages for reliability and durability.

Constructed with stainless steel, these machines are robust in design and can efficiently pack material. Also, this machines can be customized as per our client's specifications, at very economical prices. With safety being our top priority, we ensure that this equipment goes through vigorous safety checks to give a flawless product to our customers

## Our Values

We Believe That Strong And Trustworthy Relationship Are The Prime Factors In Successful Business. To Build Strong And Trustworthy Relationship, We Give Quality Machineries And Excellent Service To Our Customers.

We Continuously Improve Our Business Model, We Obtain More And More Perfection By Experience. Luckily, We Have Encountered Worst Case Scenarios During Our Domestic.

# PACKING MACHINES

## 1) Pneumatic Pouch Packing Machine

Use For : Tea, Tobacco, Panmasala, Namkin, Hina Powder, Turmeric, Chilly, Coriander, Chumin Powder, Washing Powder Etc.

Product Specification	
Filling Range	100 TO 1000 Grams
Filling Speed	1500 to 4000 Pouches per Hour
Pouch Material	Heat Sealable Flexible Laminated Paper
Power	230 V Single phase 50-60 Hz
Heater	Round type 230 Watts Cartridge type 230 Watts
Motor	230 watts 1/2 H.P. Single phase 1440 RPM 110 watts 1/8 H.P. Single phase 1440 RPM
Pouch Size	Width :- 25mm To 250mm Bag Length :- 25 to 400mm
M/C. Size	Depth – 980, Width – 750, Height – 1660mm
Weight	310 Kgs. Approx

## 2) Pneumatic Three/Four Side Liquid Packing

Use For : This Form Fill / Seal / Machine Is Use To Pack Oil, Hair Oil, Shampoo, Etc... Any Liquid Products.

Technical Specification	
Filling Range	2 to 100 ml Filling
Filling Speed	1200 to 2000 Pouches per Hour
Pouch Material	Heat Sealable Flexilable Leminated Paper
Power	230 V Single phase 50-60 Hz
Heater	Round type 230 Watts Cartridge type 230 Watts
Motor	230 watts 1/2 H.P. & 110 watts 1/8 H.P. Single phase 1440 RPM
Driver	Fully Mechanical
Bag Width	75mm, 100mm, 150mm
Bag Length	25 to 150mm, 25 to 225mm, 25 to 240mm
M/C. Size	Depth – 980, Width – 750, Height – 1660mm
Weight	315 Kgs. Approx

### 3) Center Sealing Pouch Packing Machine

Use For : This form fill / Seal / Machine is use to pack Tea, Tobacco, Spices, Panmasala, Namkin Mixture, Cearials, Ground Coffee, Chilly Powder, Turmeric Powder, Dhaniya Powder, Henna etc...

Technical Specification	
Filling Range	1 to 5, 5 to 20, 10 to 30, 50 to 100, & 250, 500 Grams
Filling Speed	900 to 3500 Pouches per Hour
Pouch Material	Heat Sealable Flexible Laminated Paper
Power	230 V Single phase 50-60 Hz
Heater	Round type 230 Watts Cartridge type 230 Watts
Motor	230 watts 1/2 H.P. Single phase 1440 RPM 110 watts 1/8 H.P. Single phase 1440 RPM
Fully Mechanical Dosing System	Cup Filler (Volumetric)
Bag Width	60 – 250 or 100 – 350mm Bag
Length	40 – 120 or 100 – 250mm
Machine Size	Depth – 825, Width – 630, Height – 2000mm
Weight	310 Kgs. Approx
Filling Accuracy	+ – 2%

#### 4) Paste Pouch Packing Machine

Use For : This form fill / Seal / Machine is use to pack Paste, Cream, Cosmetic paste, 'c' oil, etc... Semi Liquid Products

Technical Specification	
Filling Range	2 to 100 ml Filling
Filling Speed	1200 to 2000 Pouches per Hour
Pouch Material	Heat Sealable Flexible Laminated Paper
Power	230 V Single phase 50-60 Hz
Heater	Round type 230 Watts Cartridge type 230 Watts
Motor	230 watts 1/2 H.P. Single phase 1440 RPM 110 watts 1/8 H.P. Single phase 1440 RPM
Driver	Fully Mechanical
Bag Width	75mm, 100mm, 150mm
Bag Length	25 to 150mm, 25 to 225mm, 25 to 240mm
M/C. Size	Depth – 980, Width – 750, Height – 1660mm
Weight	315 Kgs. Approx

## 5 ) Three Side Sealing Pouch Packing Machine

Use For : This Form Fill / Seal / Machine Is Use To Pack Paste, Cream, Cosmetic Paste, 'C' Oil, Etc... Semi Liquid Products

Technical Specification	
Filling Range	2 to 30 Grams
Filling Speed	2500 to 4000 Pouches per Hour
Pouch Material	Heat Sealable Flexible Laminated Paper
Power	230 V Single phase 50-60 Hz
Heater	Round type 230 Watts
Motor	230 watts 1/2 H.P. Single phase 1440 RPM
Pouch Size	Width : 25mm To 250mm Bag Length : 25 to 400mm
M/C. Size	Depth : 980, Width : 750, Height : 1660mm
Weight	280 Kgs. Approx

## 6) Two Track Pouch Packing Machine

Use For : Supari, Cuff Drop Tablet Type Etc... Products

Technical Specification	
Filling Range	2 to 5 Grams
Filling Speed	3000 to 5000 Pouches per Hour
Pouch Material	Heat Sealable Flexible Laminated Paper
Power	230 V Single phase 50-60 Hz
Heater	Round type 230 Watts
Motor	230 watts 1/2 H.P. Single phase 1440 RPM
Pouch Size	Width : 25mm To 250mm Bag Length : 25 to 400mm
M/C. Size	Depth : 980, Width : 750, Height : 1660mm
Weight	280 Kgs. Approx

## 7) Round Cut Pouch Packing Machine

Use For :Tea, Pan Masala Etc, Products

The Machine Requirement For Air – Compressor

Technical Specification	
Filling Range	2 to 5 Grams
Round Cut	65mm And 89mm
Filling Speed	2200 / 2500 Pouches per Hour
Pouch Material	Heat Sealable Flexible Laminated Paper
Power	230 V Single phase 50-60 Hz
Heater	Round type 230 Watts
Motor	230 watts 1/2 H.P. Single phase 1440 RPM
Pouch Size	Width : 25mm To 250mm Bag Length : 25 to 400mm
M/C. Size	Depth : 980, Width : 750, Height : 1660mm
Weight	280 Kgs. Approx

## 8) Three Side Sealing Machine

**Use For :This Form Fill / Seal / Machine Is Use To Pack Tea, Tobacco, Spices, Panmasala, Namkin Mixure,Breakfast Cereals, Ground Coffee, Chilly Powder, Turmeric Powder, Dhaniya Powder, Henna Etc...**

Technical Specification	
Filling Range	2 to 30 Grams
Filling Speed	2500 to 4000 Pouches per Hour
Pouch Material	Heat Sealable Flexible Laminated Paper
Power	230 V Single phase 50-60 Hz
Heater	Round type 230 Watts Cartridge type 230 Watts
Motor	230 watts 1/2 H.P. Single phase 1440 RPM 110 watts 1/8 H.P. Single phase 1440 RPM
Driver	Fully Mechanical
Bag Width	75mm, 100mm, 150mm
Bag Length	25 to 150mm, 25 to 225mm, 25 to 240mm
M/C. Size	Depth – 980, Width – 750, Height – 1660mm

# OUR SERVICES

## QUALITY PRODUCT

Our products follow ISO Standards in our Machine Products. We are using the best quality part which can withstand in variable pressure and temperature conditions.

We fetch all basic machine parts from top most manufacturers, our standard process involves a quality agreement between both. Before final dispatch, we also examine quality of our products for a final checkup from our quality expert. However, we can apply certain changes in our standard machinery products as per customer specific requirement. It also subjected to machine applications or market. Here, all changes have to be within the rules and regulations of the India. In some cases, customization of product will affect product pricing due to excessive accuracy, extra material or process involve in manufacturing.

## FULL SUPPORT

We are happy to support customer for any query regarding our machineries, pricing or parts. We are continually involved throughout process.

Communication

Communication is the major factor to solve any problem. Any customer inquiry is our primary concern. We assure to give our best results

Forward Thinking

We think out of the box to optimize our business. We are capable to take any challenges and provide our best support.

We analyze future condition of markets and constantly update our business model.

Query

We provide 24/7 support to any query and try to resolve it within minimum time. We have all ears for your doubts.

# **EFFECTIVE SOURCING**

We find best quality machineries from market. Our experience and expert knowledge in local market is very crucial.

To find Accurate machineries within effective cost, we source experienced machine manufacturer.

We have contacts with many field manufacturers. Due to strong relationship with manufacturer, we can find accurate machineries within low prices.

## **Market Criteria**

We are constantly updating our market knowledge and resources, to state our machineries condition in market. We are spending high funds to find out possible solutions and new ways to help our customer

Market standard

To rate market, we examine features like Quality, Customer Approach, Punctuality, Accessibility. These factors will decide whether market condition is favorable or not.

## **On-Time Delivery**

In the 21st Century, Every Customer highly appreciate On - Time product supply.

We are happy to have a strong link with Logistics. It's much easier task for us.

On-Time Delivery in our term involves the delivery of documents or machine with agreed quality and limit date. There are many dates involves separate date for each task, for example, Request Date, Dock Date, Delivery Date, Dock Date.

Although each date has a specific meaning, they usually interchange terms.

Therefore, we provide a schedule for each task, this helps the buyer and seller to strive to settle on the same level, to avoid confusion.

We have optimized supply chain support us to ensure Quality Product Processing, Reliable Delivery, More Repeated Customers.

# CHILLER MARKET

We serve our products in following markets.

Chemical Industry

Medical Industry

Food processing industry

Food and beverage

Pharmaceutical industry

Cosmetic Industry
