ABOUT US

'Satyavarsh' is Indian brand with varieties of quality food ingredients. Starting with a variety of spices and herbs, today our brand has over 50 products across categories including Salt, Seasonings, Blended Mixes, etc.

Satyavarsh offers a comprehensive range of Indian foods for exports. Apart from basic and blended masalas, we also offer a range of Salt, Herbs, Seasonings. No matter where you are, we will ensure that you are never too far away from the taste of India.

As a reputed brand, we understand quality requirements of Product and Packaging. With our attractive packing, we have set a new trend in the Indian spice market. We already have over 15 different varieties of packing. We are stay well updated with latest trends in Food Packaging.

Today, with the world becoming a village, different cuisines across the globe have transcended borders and with that our product portfolio too has expanded to cater to international palates.

Thank you for accepting us. We are grateful to our consumers worldwide.

Ajwain (Carom Seeds)

1. Botanical Name - Trachyspermum ammi
2. Family Name - Umbellifers
3. Flavor Characteristics - More sharp and pungent

All Spice

1. Botanical Name - Pimenta dioica
2. Family Name - Myrtaceae
3. Flavor Characteristics – As especially Cinnamon, Cloves, Ginger and Nutmeg

Bay Leaf

1. Botanical Name - Laurus nobilis
2. Family Name - Laurels
3. Flavor Characteristics - Pungent and have a sharp Bitter taste.

Black Pepper

1. Botanical Name - Piper nigrum
2. Family Name - Piperaceae
3. Flavor Characteristics - Sharp, Penetrating Aroma, Woody, Piney

Cambogia

1. Botanical Name - Garcinia gummi-gutta
2. Family Name - Guttiferae
3. Flavor Characteristics - More Sour Taste

Caraway (Black Cumin Seed)

1. Botanical Name - Carum Carvi
2. Family Name - Apiaceae
3. Flavor Characteristics - Highly Aromatic and Mild Anise Flavor

Cardamom

1. Botanical Name - Elettaria cardamomum
2. Family Name - Zingiberaceae
3. Flavor Characteristics - Citrusy, Minty, Spicy, and Herbal all at the same time.

Celery seeds

1. Botanical Name - Apium graveolens
2. Family Name - Apiaceae
3. Flavor Characteristics - Herbaceous and Savory Flavor

Red Chilli

1. Botanical Name - Capsicum annum
2. Family Name - Solanaceae
3. Flavor Characteristics - Pungency, Producing Mild to Intense Spicy

Cinnamon

1. Botanical Name - Cinnamomum verum
2. Family Name - Auraceae
3. Flavor Characteristics - Warm, Sweet Flavor and Pungent Aroma

Clove

1. Botanical Name - Syzygium aromaticum
2. Family Name - Myrtaceae
3. Flavor Characteristics - Taste is Pungent, Strong and Sweet with a Bitter, Astringent flavor

Coriander

1. Botanical Name - Coriandrum sativum
2. Family Name - Umbellifers
3. Flavor Characteristics - Aromatic spice with a Sensually Musky scent, Flavor is

Cumin

1. Botanical Name - *Cuminum cyminum*
2. Family Name - Umbellifers
3. Flavor Characteristics - Distinctive Flavor with an Earthy, Nutty, Spicy taste

Fennel

1. Botanical Name - *Foeniculum vulgare*
2. Family Name - Umbellifers
3. Flavor Characteristics - Sweet, Perfumy, Anise-like flavor

Fenugreek

1. Botanical Name - *Trigonella Foeniculum-Graecum*
2. Family Name - Umbellifers
3. Flavor Characteristics – Fabaceae

Garlic

1. Botanical Name - *Allium sativum*
2. Family Name – Amaryllidaceae
3. Flavor Characteristics - Pungent and spicy flavor

Ginger

1. Botanical Name - *Zingiber officinale*
2. Family Name - Zingiberaceae
3. Flavor Characteristics - Pungent and Spicy with a very Slight Woody flavor

Green pepper

1. Botanical Name - *Piper Nigrum L*
2. Family Name - Piperacea
3. Flavor Characteristics - sweet, mild flavor

Long Pepper

1. Botanical Name - Piper longum
2. Family Name - Piperaceae
3. Flavor Characteristics - Hotter taste with Sweet and somewhat Earthy, Gingery undertones

Mustard

1. Botanical Name - Brassica
2. Family Name - Mustards
3. Flavor Characteristics - Ranges from Sweet to Spicy

Nutmeg

1. Botanical Name - Myristica fragrans
2. Family Name - Myristicaceae
3. Flavor Characteristics - Spicy with a strong and distinctive aroma, slightly Sweet as well

Star Anise

1. Botanical Name - Illicium verum
2. Family Name - Schisandraceae
3. Flavor Characteristics - Sweet and Spicy, similar to licorice

Turmeric

1. Botanical Name - Curcuma longa
2. Family Name - Ginger family
3. Flavor Characteristics - Mildly aromatic and has scents of Orange or Ginger. It has a Pungent, bitter flavor

White pepper

1. Botanical Name - Piper Nigrum
2. Family Name - Piperaceae
3. Flavor Characteristics - less complex in flavor than black pepper. It can have a Musty, Earthy, or Grassy flavor

Basil

1. Botanical Name - *Ocimum basilicum*
2. Family Name - Mints
3. Flavor Characteristics - Sweet, Fragrant Odor, and their taste is Aromatic, Warm, and Slightly Pungent

Mixed Herb

1. Herbs Included – Rosemary (30%), Thyme(30%), Oregano(20%), Basil(20%), etc.
2. Flavor Characteristics - More sharp and pungent

Parsley

1. Botanical Name - *Petroselinum crispum*
2. Family Name - Umbellifers
3. Flavor Characteristics - Brightens Flavors, Mild Bitter

Rosemary

1. Botanical Name - *Salvia rosmarinus*
2. Family Name - Mints
3. Flavor Characteristics - Lemon-Pine flavor, Woodsy and Peppery at the same time

Sage

1. Botanical Name - *Salvia officinalis*
2. Family Name - Mints
3. Flavor Characteristics - Sweet and Bitter, with a Pine-like flavor and aroma

Thyme

1. Botanical Name - *Thymus vulgaris*
2. Family Name - Mints
3. Flavor Characteristics - Very Earthy and a little bit Sweet, with a Slightly Minty taste

Garlic Bread Seasoning

Add Our Garlic Bread Seasoning in your Garlic Bread, Bruschetta, Tossed Vegetables Risotto, roasts, marinades and dressings.

Oregano

1. Botanical Name - *Origanum vulgare*
2. Family Name - Mints
3. Flavor Characteristics - A strongly aromatic, camphoraceous aroma and a slightly bitter, pungent flavor

Pasta Seasoning

Add Our Pasta Seasoning in your Pasta, Pizza, Salads, and dressings.

Piri Piri Spice Mix

Add Our Piri Piri Mix in your plain dal-khichdi or sprinkle it on your everyday idli.

Italian Seasoning

Add Our Italian Seasoning in your Pizza, Arrabbiata Pasta Sauces, cheese sauce, Bread, Bruschetta, Italian salads, risotto, roasts, marinades, dressings and salad toppings.

Pizza Seasoning

Add Our Pizza Seasoning in your Pizza, Breads, Italian bread, salads and dressing.

SATYAVARSH
SALT

Himalayan Pink Salt

1. Specialty: Rock Salt without any refinery process. Rich in Natural Nutrition.
2. Uses: For Human Consumption, Seasoning.
3. Health Benefits: Strengthen bones, Lower blood pressure, Many more.

Low Sodium Salt

1. Specialty: Iodized Food Sea Salt. Lower Sodium by replacing Potassium.
2. Uses: For Human Consumption, Seasoning, etc.
3. Health Benefits: Help Reduce Sodium levels and Blood Pressure.

Superfine Salt

1. Specialty: Iodized Food Sea Salt. Lower Grain Size.
2. Uses: Special salt use for popcorn, pasta, etc.

Refined Free Flow Salt

1. Specialty: Iodized Food Sea Salt. Rich in Iodine.
2. Uses: For Human Consumption, Seasoning, etc.
3. Health Benefits: Help maintain Iodine levels

Raw Salt

1. Specialty: Food Sea Salt without any refinery process.
2. Uses: For Human Consumption, Seasoning, De-icing, Agriculture, etc.
3. Health Benefits: improves our Immune system, reduces allergies, Weight loss, effective for asthma, etc.

Double Fortified Salt

1. Specialty: Iodized Food Sea Salt with Iron added.
2. Uses: For Human Consumption, Seasoning, etc.
3. Health Benefits: Help Increase Iron levels. Avoid Diseases like Anemia and Goiter.

In Food Salt, There are seven different types, Listed as below -

1. Refined Iodized Salt
2. Triple Refined Free Flow Iodized Salt
3. Low Sodium Salt
4. Fluoridated Salt
5. Iron Fortified Salt
6. Curing Salt
7. Iodized Crystal Salt

1. Refined Iodized Salt

- Refined Iodized Salt is moisture salt which has 2-3 % Moisture in it. Do not contain anti caking agent. This salt useful for Salt Brine solution, Meat Preserving, Pickling, etc.
- Available in Consumer Packing of 200g, 250g, 400gm, 500gm, 1Kg and Bulk Packing of 15/20/25/35/50 Kg PP Woven bags as well big bags of 1 Ton.

2. Triple Refined Free Flow Iodized Salt

- Triple Refined Free Flow Iodized Salt do not contains moisture it also contains anti - caking agent. It's used as table salt, cooking salt, etc.
- Available in Consumer Packing of 200g, 250g, 400gm, 500gm, 1Kg and Bulk Packing of 15/20/25/35/50 Kg PP Woven bags as well big bags of 1 Ton.

3. Low Sodium Salt

- Low Sodium Salt is salt having lower Sodium than Normal Salt. Potassium Chloride is being added to Food Grade Iodized Salt to reduce the content of Sodium Chloride. The Potassium Chloride can be added from 10% to 30% or as per requirement of the Customer.
- Available in Consumer Packing of 200gm, 250 gm, 400 gm, 500 gm, 1 Kg and Bulk Packing of 15/20/25/35/50 Kg PP Woven bags as well big bags of 1 Ton.

4. Fluoridated Salt

- Fluoridated Salt is Food Grade Iodized Salt with Potassium or Sodium Fluoride. The KF or NaF can be added as per requirement of the Customer.
- Available in Consumer Packing of 200g, 250g, 400gm, 500gm, 1Kg and Bulk Packing of 15/20/25/35/50 Kg PP Woven bags as well big bags of 1 Ton.

5. Iron Fortified Salt

- The Salt is most convenient and economical vehicle of Iron content to human body.

- Iron Fortified Salt is Food Grade Iodized Salt blended with Iron content.
- Available in Consumer Packing of 200g, 250g, 400gm, 500gm, 1Kg and Bulk Packing of 15/20/25/35/50 Kg PP Woven bags as well big bags of 1 Ton.

6. Curing Salt

- The Curing Salt is Food Grade Iodized Salt blended with Sodium Nitrate as per customized requirement of the buyer.
- Available in Consumer Packing of 200g, 250g, 400gm, 500gm, 1Kg and Bulk Packing of 15/20/25/35/50 Kg PP Woven bags as well big bags of 1 Ton.

7. Iodized Crystal Salt

- The Curing Salt is Food Grade Iodised Salt blended with Sodium Nitrate as per customized requirement of the buyer.
- Available in Consumer Packing of 200g, 250g, 400gm, 500gm, 1Kg and Bulk Packing of 15/20/25/35/50 Kg PP Woven bags as well big bags of 1 Ton.

Quality Report

Specification are almost same except each salt has different active ingredient. Kindly contact us for more details

INDUSTRIAL GRADE SALTS

1. Oil & Gas - Drillind Grade Salt
2. Leather - Hide / Skin Salt
3. Textile Grade Salt
4. Seafood Processing / Preservation Salt
5. Chlor - Alkali Grade Salt
6. Paper and Pulp Industries
7. Raw Salt
8. De Icing / Ice melting

1. Oil & Gas - Drillind Grade Salt

- Highly Pure Grade Refined Salt available for Oil & Gas Industries have NaCl > 99.50% and Ca + Mg < 1500 PPM as per ASTM.
- Available in Powder form as well coarse form with size 0.1mm to 0.85mm and 1mm to 4mm with lowest moisture content < 0.50%.
- Available in Bulk Packing of 10/25/50 Kg Woven bags as well jumbo Bags of 1 Ton/1.2 & 1.3 Ton.

2. Leather - Hide / Skin Salt

- Pure Grade Coarse Salt having NaCl > 99.50% and Ca + Mg < 800 PPM mixed with Additives Chemicals.

3. Textile Grade Salt

- Our Textile Grade Salt is High Purity Salt with NaCl : >99.40%, Hardness < 150PPM @ 80 GPL with lowest Insoluble Matters and controlled pH content.
- Available in bulk packing of 25/50Kg PP Bags and Bulker of 1 MT and 1.2 Ton.

4. Seafood Processing / Preservation Salt

- Washed Crystal & Powder Salt for Processing and Preservation of Sea food.

5. Chlor - Alkali Grade Salt

- Our Pure Industrial Grade Salt has Purity (NaCl) ranging from 99 to 99.50% with Ca and Mg below 500ppm each in ratio if 2:1. Most suitable for Chlor Alkali and other Industrial applications.
- Available in bulk packing of 25/50Kg PP Bags and Bulker of 1 MT and 1.2 Ton

6. Paper and Pulp Industries

- Our Refined Industrial Grade Salt has Purity (NaCl) ranging from 98.5 to 99.50% with lower content of Ca and Mg. Most suitable for Paper and other Industrial applications.
- Available in bulk packing of 25/50Kg PP Bags and Bulker of 1 MT and 1.2 Ton.

7. Raw Salt

- Natural solar harvested Sea Salt with Purity (NaCl) ranging from 97 to 99.50% available in White Crystalline form with grain size 0.5 to 10mm. This Salt has multiple applications including use as Raw material in Salt Refinery.
- Available in bulk packing of 25/50Kg, 50lbs PP Bags and Bulker of 1 MT and 1.2 Ton.

8. De Icing / Ice melting

- Natural Sea Salt with Purity (NaCl) ranging from 97 to 99.50% available in White Crystalline form with grain size 0.5 to 10mm.
- A Coarse Salt is an efficient De-Icing Salt Product whose Coarse Particles size improves ice melt and grip.
- Available in bulk packing of 25/50Kg and 50lbs PP Bags and Bulker of 1 MT and 1.2 Ton.

WATER SOFTENING & TREATMENT

1. Water Softener Tablet Salt
2. Water Softener Coarse Salt
3. Water Softener Fine Salt

1. Water Softener Tablet Salt

- Pure Grade Water Softener Tablet Salt available with Purity (NaCl) ranging from 99.2 to 99.60% with Ca and Mg < 0.05%.
- Tablet Size : Height – 10-12mm and Dia – 22mm – Round shape –Weight - 9/10gm each Tablet.
- Available in Premium Packing of PP and LDPE Bags on European Standards Heavy Pallets.
- Qty Per Container -25 Ton with Pallets and 27 Ton without Pallets.

2. Water Softener Coarse Salt

- Pure Grade Water Softener Coarse Salt available with Purity (NaCl) ranging from 99 to 99.60% with Ca and Mg < 0.05% having coarse grain size of 0.8mm to 1.5mm.
- Available in Premium Packing of PP and LDPE Bags on European Standards Heavy Pallets.
- Qty Per Container -25 Ton with Pallets and 27 Ton without Pallets.

3. Water Softener Fine Salt

- Pure Grade Water Softener Fine Powder Salt available with Purity (NaCl) ranging from 99 to 99.60% with Ca and Mg < 0.05% having Fine grain size of 0.15mm to 0.8mm.
- Available in Premium Packing of PP and LDPE Bags on European Standards Heavy Pallets.

POOL SALT

1. Pool Salt Fine
2. Pool Salt Tablet
3. Pool Salt Coarse

1. Pool Salt Fine

- Highly Pure Quality Extra Fine Salt for Chlorinator.
- No Additives – Dissolve Rapidly
- Available Packing – 40lbs, 50lbs, 20Kg, 25Kg LD Bag with handle option.

2. Pool Salt Tablet

- Pure Grade Pool Tablet Salt available with Purity (NaCl) ranging from 99.2 to 99.60% with Ca and Mg < 0.05%.
- Tablet Size : Height – 10-12mm and Dia – 22mm – Round shape –Weight - 9/10gm each Tablet.
- Available in Premium Packing of PP and LDPE Bags on European Standards Heavy Pallets.
- Qty Per Container -25 Ton with Pallets and 27 Ton without Pallets.

3. Pool Salt Coarse

- Pure Grade Pool Coarse Salt available with Purity (NaCl) ranging from 99 to 99.60% with Ca and Mg < 0.05% having coarse grain size of 0.8mm to 1.5mm.

- Available in Premium Packing of PP and LDPE Bags on European Standards Heavy Pallets.
- Qty Per Container -25 Ton with Pallets and 27 Ton without Pallets.

ANIMAL FEED GRADE SALT

1. Animal Feed Coarse Salt
2. Animal Feed Powder Fine Salt

1. Animal Feed Coarse Salt

- Pure Grade Animal Feed Coarse Salt available with Purity (NaCl) ranging from 99 to 99.60% with Ca and Mg < 0.05% having coarse grain size of 0.8mm to 1.5mm.
- Available in Premium Packing of PP and LDPE Bags on European Standards Heavy Pallets.
- Qty Per Container -25 Ton with Pallets and 27 Ton without Pallets.

2. Animal Feed Powder Fine Salt

- Pure Grade Animal Feed Coarse Salt available with Purity (NaCl) ranging from 99 to 99.60% with Ca and Mg < 0.05% having Fine grain size of 0.15mm to 0.8mm.
- Available in Premium Packing of PP and LDPE Bags on European Standards Heavy Pallets.

OUR SERVICES

Duty-Free Documentations

Duty-free or Reduce duty certification is our best possible chance to reduce the buyer's total valuation of import goods. We are always looking for ways to reduce valuation and better service.

It will be a huge advantage to you by reducing import duty, after all, we all have a little problem when it comes to government share. Only one way to reduce importer's duty under country trade agreements.

Each trade agreement includes one country or multiple countries. We can provide you certification only if your country covered by any of below agreements and also benefits as per mention in agreements.

Here enlisted India Trade agreements:

Quality Product

Our range of products follows food standards by a process of the finest grade of ingredients. For assurance, we always deliver quality reports to the customer.

We fetch our all products from all top most manufacturers of salt, our standard process involves a quality agreement between both. Before final dispatch, we also examine manufacturer quality for a final checkup from our quality expert.

However, we can apply certain changes in our standard product like chemical content, physical grain size or in certain cases process precautions, etc. It also subjected to product applications or market. Here, all changes have to be within the rules and regulations of the country.

In some cases, minimum charges may be applied

which confine by customization of product, extra material or process involve in manufacturing, excessive accuracy.

Our range of products follows food standards by a process of the finest grade of ingredients. For assurance, we always deliver quality reports to the customer.

On-Time Delivery

On Time delivery is measurable, but very hard to calculate or even percentage it, we are happy to have a strong link with logistics and documentation both.

Our metrics to measure involves the delivery of documents or goods with agreed quality and limit date. Export involves separate date for each task, for example, Request Date, Dock Date, Delivery Date, Dock Date.

Although each date has a specific meaning, they usually interchange terms. Therefore, we provide a schedule for each task, this helps the buyer and seller to strive to settle on

the same level, to avoid confusion.

We have optimized supply chain support us to ensure quality product processing, reliable delivery, more repeated customers.

Export Packing

Our export packing criteria depend on the kind of product, transportation medium, and facility at the destination port or airport.

Usually, shipment through vessel requires strong packing with moisture protection, Strong packing also helps in rough handling or in handled and re-handled more in transportation modes.

Air cargo shipment requires a less robust export packing than vessel shipments because the goods transit through air cargo are less bulky and lightweight. However, on high altitude, there are many changes in weather parameters like Air temperature, Air pressure, Humidity, etc.

Shipments made between connected countries may often treat as domestic unless transportation involves multiple modes. In such cases, damage proof packing must require to increase protection against multiple handling.

Effective Sourcing

Our expert knowledge about the market enable us to source the best quality products within the competitive rates.

Our sourcing differentiates us from the market crowd, we have high value for it, it's obvious that sourcing is key to the high-quality cost-effective product.

It also increases the security of goods quality and investment. Most importantly, it cuts unnecessary costing which ultimately reliable to our buyer.

1. Market Criteria

We act as Exporter - Buyer - Trader to meet importer's demand, we utilize our resources to analyze our product condition in the market and we spend very high funds to find out the easiest possible solutions.

2. Market Standard

We standardize the market by examining various features like Accessibility, Quality, Cost, Punctuality, Customer Approach, etc. These all our crucial factors for long term business with any firm.

Full Support

We are happy to support customer for any query regarding our product, pricing or process. We are continually involved throughout (fully occupied in) process.

1. Communication

We believe that communication is the key to solving any problem. Any doubt concerns to you will be given full attention, we assure our best results.

2. Forward Thinking

We think ahead and around corners to optimize our route, we are willing to take any challenges,

opportunities and provide the best support. We've got your back.

3. Query

We provide 24/7 support to any query and try to resolve it within minimum time. We have all ears for your doubts.
